This focus group will depart from the more formal setting of the monthly school board meetings and offer parents, students and community members more opportunity to provide input on a wide variety of topics. We will have a third party representative mediating the discussion. Everyone will have a voice and the opportunity to speak. It is hope of the School Board and the SAU 92 Administration that this will be the first in a series of such meetings.

What are the expectations of this meeting?

We hope to share the accomplishments of the Hinsdale School District as well as to identify the areas where we need to improve. At the end of the night we would like to have a list of items for the school board and administration to work on based on your concerns and/ or suggestions. You, as a group, will prioritize this agenda based on what you see as the greatest needs of the district. Progress will be reported monthly during regular school board meetings as well as at future focus groups.

Dinner and Childcare WILL BE PROVIDED !!!
