RE: Hinsdale School District Update 2021-2022 Reopening Framework

On behalf of the Hinsdale School Board and administrators, I wish to thank all our parent partners, staff, and students for working with us as we navigate these choppy waters together, particularly as we face the unknown obstacles ahead of us.

The Hinsdale Reopening Committee, which included our two nurses, our Hinsdale Middle/High School Principal and our Hinsdale Elementary School Principal, has created the DRAFT of the Hinsdale School District Reopening Plan for the 2021/2022 school year. The Hinsdale Reopening Committee closely followed the July 27 CDC "Guidance for COVID-19 Prevention in K-12 Schools." Indeed, the increase of community transmission across the US, driven by the Delta variant, was a factor in determining our students' most prudent in-person learning experience.

The Final Hinsdale School Reopening Plan, pending Board approval, will take effect on our first day of school, August 31, 2021. Our School Board has a meeting scheduled for August 18 and will review the current plan and possibly revise the plan. We will communicate any changes before the opening of school.

We are grateful to the members of our School Board, who have put in many more hours than usual trying to ensure the safest and best possible learning experiences for in-person learning during this ongoing pandemic.

HINSDALE
