Educating & Supporting the Whole Child

TECHNOLOGY DIRECTOR HINSDALE, NH

The Hinsdale School District is seeking a Director of Technology to provide leadership and assume management responsibility for the direction, coordination, integration and implementation of technology across all school district buildings and departments. The Director of Technology will be responsible for planning, purchasing, installing and maintaining physical technology systems of the District in a condition of excellence enabling full educational use of technology at all times in compliance with local, state, and federal regulations and requirements. We are seeking someone who truly enjoys working with passionate people in an entrepreneurial, fast passed environment. This is a hands-on position with responsibilities that range from strategic and long range planning and implementation of system wide technology solutions, to providing one-on-one, and group training and support. Experience working in the education field is important for understanding how technology supports educational outcomes, where technology funding sources can be accessed, and that a culture of collaboration and creativity can support success.

This job reports to the Superintendent.

Additional information is available through www.hnhsd.org

A complete application will include:

- Letter of Intent. Includes reasons for interest in position and a description of significant accomplishments for the past few years
- Current resume, plus three current letters of reference
