Citizenship Award

This is an award, not a scholarship. Therefore it is open to all seniors whether or not they are going on to higher education.

"Why am I deserving of a Good Citizenship Award?"

Answer the above question by writing your essay only **on the back of this page** and using the following information as a guide.

1. State what **you have done** for:
any international or national humanitarian cause
any state, community, school, church, or personal service to neighbors, elderly, children, your family, etc..
2. Include the name of the organization if you participated as a member of a group and give the total hours (to the best of your ability) and the year(s) you devoted yourself to this activity. Describe what service you personally did with the group, not what the group did as a whole. Please stay with the topic and do not include any attachments.
3. Essays may be typed or handwritten. If handwritten, please be sure it is legible.
4. State all employment during your high school years and the average number of hours you worked a week. If you want to, describe your job and the reason you worked during high school.
5. Include any unusual circumstance in your life if it influenced you in becoming a good citizen.

Due back to Guidance by 3/31/21.
